

**PANTHEROIL**  
OIL & GAS

A photograph of an industrial setting, likely an oil or gas refinery. The image shows large, cylindrical metal pipes or tanks, illuminated by warm, golden light. The background is dark with several bright, out-of-focus light sources, creating a bokeh effect.

**SUPPORT SERVICES  
TO THE OIL AND GAS  
INDUSTRY**

**+ EPC - ENGINEERING PROCUREMENT CONSTRUCTION**

**+ CPM – CONSTRUCTION PROJECT MANAGEMENT**

Management of integrated infrastructure, the construction process of plants and facilities from design, procurement, construction through closeout and further maintenance, including repair and operations.

**+ REFINARIES**

**+ PIPELINES**

**+ OFFSHORE OIL PLATFORMS**

**+ TANKS**

**+ POWER GENERATION**

**+ FABRICATION**

Fabrication and installation of structural steelwork, upgrades of offshore facilities, pipe work systems including high pressure flow lines, vessels, tanks and related packages.

## + MAINTENANCE AND OPERATIONS

Oilfield Operations and Equipment Maintenance services

- + Turbomachinery Maintenance
- + Rotating Equipment Maintenance
- + Electrical & Instrumentation
- + Electromotor Maintenance
- + Valve Maintenance

- + Integrated Plant Services:
  - *“One stop shop” approach for equipment maintenance and overhaul*
  - *Asset management*
  - *Optimizing turnaround and modification projects*
  - *Operation of production facilities*

## + PSCM

- + Integrated Supply Chain Management
- + Procurement
- + Structural Items
- + Welding Equipment and Consumables
- + Pipes & Pipe Fittings
- + Lifting Equipment/Tools
- + Electrical & Instrumentation
- + HVAC/Architectural
- + Mechanical/Chemicals
- + Process Equipment/Fire Fighting
